"Our ceremony was done by The Sands at Grace Bay on the beach. It was magical! We had 48 of our closest friends and family stay at The Sands and every one of them loved it. The staff was so friendly and helpful. They made us feel like family."

"Wonderful service from everyone involved with our wedding planning from beginning to end."

"The Sands was great, we had our rehearsal dinner at Hemingway's and then s'mores, cigars and cognac by a bonfire on the beach. The whole crew at The Sands was amazing and all of our guests had the best time."

fun excursions for everyone

Travelers are encouraged to visit our website's "excursions" page to learn about the plethora of options available to guests, including scuba diving adventures, deep sea fishing, champagne sunset cruises, sailing trips, kayak nature tours, caving in Middle Caicos, and more. Here's a sampling of three family-friendly excursions that are frequently enjoyed by guests staying at The Sands:

Half-Day Snorkeling Adventure Reef Peepers offers a popular half-day snorkeling excursion that is great for all ages and ability levels. This tour picks up guests on our beach and whisks them away on a Power Catamaran boat ride towards the uninhabited cays and secluded beaches around Provo. It includes a visit to Iguana Island for a close-up encounter with the native rock iguanas and a snorkeling and swimming stop on the barrier reef where guests can experience Provo's underwater world. The three-hour tour includes snorkeling equipment and instruction, beverages and rum punch, snacks and guaranteed fun for all!

Horseback Riding Tours Local horseback riding tours will take you along quiet dirt roads, scenic trails and canals to the secluded beaches of Providenciales. The shallow and clear waters of Long Bay Beach allow riders to take their horses into the ocean for a one-of-a-kind riding experience. Provo Ponies offers two guided horseback rides per day every Monday through Friday.

Glow Worm Sunset Cruise Every month for a few nights following the full moon, the waters around Grace Bay are the scene of a breathtaking natural phenomenon: millions of glow worms come together to emit green flashes of light that are visible from the water's surface. For several days following each full moon, Reef Peepers offers a Glow Worm Sunset Cruise that promises a magical evening aboard a glass-bottom catamaran, where you will have the opportunity to watch the water come alive with beautiful flashes of light.
